

Goodbye Graffiti™

PRESS RELEASE:

Goodbye Graffiti™ Vancouver teams up with Mission Possible Enterprises

Vancouver, B.C. – Goodbye Graffiti™ Vancouver is pleased to announce a partnership with Mission

Mission Possible is a humanitarian agency based in Vancouver’s Downtown Eastside. Established in 1992 Mission Possible’s goals include “breaking the cycles of homelessness, poverty and addiction” by “delivering meaningful work, safe and secure housing and a transformational community”. As a branch of Mission Possible, Mission Possible Enterprises strives to support and rehabilitate those individuals who may have problems joining the “regular workforce” by offering a supported and flexible workplace that provides the tools to self sustainability.

With the support of Goodbye Graffiti™ Vancouver, Mission Possible Enterprises has started a small graffiti removal, and storefront rejuvenation business. This business endeavor allows for residents of the Downtown Eastside to make a visual difference in not only their community but their lives. To help with this important cause Goodbye Graffiti™ Vancouver has produced a training manual and held a hands on training session for members of the Mission Possible Enterprise team.
